15th Emirates International UROLOGICAL Conference 2026

2 - 4 October 2026 | Dubai, UAE

Hosted by Emirates Urological Society

MASTERING ENDOLUMINAL LASER APPLICATIONS

Enucleation, Incision, Lithotripsy, and Beyond

Saturday, 3 October 2026 | 10:00 AM–12:30 PM
JW Marriott Hotel Marina Dubai-Room 2

Develop practical skills in endoluminal laser applications through expert presentations, interactive case discussions, and hands-on demonstrations.

Learning Objectives

By the end of the workshop, participants will be able to:

- Understand the principles of applied laser physics and their application in clinical practice.
- Apply laser prostatectomy principles to optimise performance and enhance outcomes.
- Improve laser lithotripsy skills for safe and efficient stone clearance.
- Explore laser applications in the management of bladder tumours and ureteral strictures, with emphasis on precision and tissue safety.
- Develop practical laser skills through interactive case discussions and hands-on training.
